World Championships

We wish good luck to Jordan who will be flying to Vancouver to take part in the TCG World Championships in August. It is likely that the Masters Final will be streamed live over the internet on 11 August. Will TDK be the winning deck or will it be Blastoise/Black Kyurem or something else?

On 17 August we will be holding a Release Tournament for the latest trading card game expansion set, Plasma Blast. Cost to enter is £20 for which you'll receive 8 booster packs as well as a special promo card. Registration starts at 9.45am. Please let Joanna know if you will be coming along so we can make sure we have enough packs for everyone.

Plasma Blast includes six new Pokémon EX and five full art EX cards will be available. EX cards include Genesect, Kyurem, Palkia and Dialga. There will also be four new Ace Spec cards including Scoop Up Cyclone which may well see some competitive play. Genesect EX is the card everyone will be after with its Megalo Cannon attack and its associated GScope Ace Spec card. Virizion EX could be a useful addition to many decks to make use of its Verdant Wind ability to protect your Pokémon from special conditions.

Autumn EX Tins

Look out in the shops in September for the new EX tins that will be available allowing everyone to get their hands on either Deoxys EX, Thundurus EX or Lugia EX.
