Card Rulings

We thought it might be helpful to let you know a few rulings where questions have been asked recently based on the current format, especially as some of you may be reading this at the Regionals Championship.

Lugia vs Garbodor. If Lugia EX knocks out your opponent's only Garbodor with a tool card attached, then you only take 1 prize card instead of 2. Although this may conflict with previous rulings on other cards, this is the current ruling in respect to Lugia EX.

Colress Machine. You cannot play Colress Machine if you have no Team Plasma Pokémon in play. As with all trainer cards you cannot play a trainer if it is known it will have no effect.

If both active Pokémon are knocked out by poison between turns then the player whose turn is next replaces his active Pokémon first.

Hypnotoxic Laser. If you play Hypnotoxic laser and flip tails, your opponent's Pokémon stays awake. You may then play another Laser the same turn and flip again to see if the Pokémon goes to sleep. If you flipped heads on playing the first Laser, then you cannot play a second Laser as it will have no effect.

Steel Bullet. If you use Cobalion's Steel Bullet attack and your opponent has an Eviolite attached, the attack still does 100 damage. Eviolite is an effect on the Pokémon and so is ignored by Steel Bullet.

Pokemon TV App

If you have an Apple iPhone, iPad, iPod touch or Android device you can download a free app to watch Pokémon episodes on the new *Pokémon TV* app!

With the *Pokémon TV* application you can watch episodes from the Pokémon animated adventures anywhere you can go online! Don't miss exciting special features, movies, and trailers for upcoming Pokémon movie events, too. It's the perfect app for Pokémon fans to keep up with Pokémon TV episodes!

The *Pokémon TV* app is available now at no charge for iPhone, iPad, and iPod touch on the App Store and for Android at the Google Play website.

Meloetta Event

Meloetta, the 648th Pokémon, is now available for the Pokémon Black and White DS games in the UK thanks to a special Event being held in GAME stores across the country.

So how do you get Meloetta?

Well, you have to visit a GAME store between 22 March and 19 April, taking along your 3DS or DS console and a copy of Pokémon Black and White or Pokémon Black and White 2. You must have no more than 11 Wonder Cards in your possession.

Then, when you begin your game, you must select the Mystery Gift option, followed by Receive Gift and Get Via Wireless. You will receive Meloetta and before you pick it up from the deliveryman in a Pokémon Center you need to make sure you have one space in your Party.

Meloetta is a Mythical Normal Pokémon which has two Formes - Aria and Pirouette. It can activate Pirouette Forme when it uses the move Relic Song in battle.

The Meloetta celebration doesn't stop there. From 28 March you can get two more Meloetta goodies from the Global Link. For starters, you can add the Meloetta Musical to your Musical Theatre in Nimbasa City, before directing your Pokémon in a new stage performance.

You can also get hold of a Meloetta C-Gear skin which is only available for Pokémon Black and White 2
